

Case Study: Regional Church

Comprehensive Safety Program with Training and Range Instruction

Safety Team Organization, Range Training, Active Shooter Response, Emergency Response Plan

CLINT OVERVIEW

This regional church reached out to Guardian Shield Solutions to strengthen and professionalize its safety ministry. The church had an enthusiastic safety team but needed guidance on how to organize roles, improve firearm proficiency, and prepare staff and teachers for potential emergencies.

THE CHALLENGE

Safety team lacked structure and defined roles.

Required live range training to build confidence and firearm handling skills.

No established Emergency Response Plan for staff or teachers.

Needed in-house active shooter response training to test communication and readiness.

Guardian Shield Solutions Approach

KEY ACTIONS

GSS worked with church leadership and the safety team to design and implement a comprehensive safety and training program.

- ✓ Conducted In-House Active Shooter Response Training for safety team and staff, including scenario-based drills.
- ✓ Developed an Emergency Response Plan (ERP) covering active shooter, medical, and evacuation procedures.
- ✓ Organized the Safety Team with leadership positions, communication roles, and defined responsibilities.
- ✓ Led Live Range Training for safety team members, focusing on holster work, movement, and use of cover under realistic conditions.

RESULTS

Emergency Response Plan

The church implemented its first complete Emergency Response Plan and trained staff on their roles.

Communications Protocol

Teachers and staff now understand how to respond and communicate during emergencies.

Safety Team Training

Safety team members demonstrated improved confidence, coordination, and firearm safety.

Emergency Preparedness

The church achieved a higher level of preparedness through a combination of structure, training, and practice.

KEY TAKEAWAY

Through Guardian Shield Solutions' structured approach, the church developed a cohesive, well-trained, and mission-focused safety team capable of protecting both staff and congregation. By combining in-house and range training, the team gained the practical skills and confidence necessary to respond effectively in any emergency.
