

Range Time — Standalone Add-On

Price: \$89 per person or a flat group rate (contact to quote for groups larger than 12)

SESSION DETAILS

- **Duration:** 2 hours (on-range)
- **What we train:** Holster work, malfunction drills, magazine changes, use of cover, movement drills, shooting while relocating, and live-fire scenario drills.
- **Participants bring:** Firearm, at least 200 rounds of ammunition, and eye & ear protection.
- **Instructor ratio:** Typically 1 instructor per 6–8 shooters for safety and coaching.
- **What we provide:** Coaching, range scenario plan, and after-action notes.
(Targets, barricades, and procedural props provided if range allows.)

SAFETY PREREQUISITES

- Valid concealed-carry permit (or adherence to local range policy).
- Firearm must be in safe working condition.
- Waivers and medical declarations signed prior to range work.

OPTIONAL ADD-ONS & NOTES

- **Additional attendees:** \$89–\$125 per additional person (depending on materials & instructor time).
- **Travel/lodging:** Fees may apply for locations outside a standard radius.
- **Follow-up drills/refresher training:** Recommended annually or after major staff changes.

Full Spectrum Shield

Service Focus: This service focuses on organizations that want a complete program — planning + hands-on scenario training + live range work for both the safety team and additional volunteers.

Timing: Multi-day engagement possible (assessment + 1 day of scenario training + range day) scheduled to fit the church calendar.

Class size: Includes up to 12 participants for range & scenario work; additional participants priced per person.

Scenario Drills & Matrix

Includes 2–3 in-house scenario drills (active shooter, evacuation, medical) and issue a roles & responsibility matrix with quick-reference checklists for all staff.

Live-Fire Range Training is Included

The package includes Live Range Training for both the core safety team and any additional approved volunteers.

Finalized Emergency Operations Plan (EOP)

A Finalized Emergency Operations Plan (EOP), customized to the facility and congregation, will be delivered in an editable format.

Detailed Remediation and Training Assessment

The team will execute two to three scenario-based in-house drills covering threats like active shooter, evacuation, and medical integration.

At Guardian Shield Solutions, we take a personalized approach by carefully evaluating each client's specific needs and situation to provide a proposal designed to meet their goals effectively.
